**Patient Consent to Treatment — Acupuncture and Associated TCM Modalities**

1. I have been informed that in all acupuncture treatments only sterile, disposable needles are used according to the Clean Needle Technique protocol, to ensure the safest acupuncture treatment.
2. I have been informed that acupuncture is a safe method of treatment, but may have some side effects, including, but not limited to: numbness or tingling, dizziness or fainting, minor swelling, bleeding or bruising. I will immediately notify the acupuncturist if I experience any symptoms or problems before, during or after treatment. I freely accept the risks involved with my procedure
3. I understand that I should not make significant controlled movements while the needles are being inserted, manipulated, retained, or removed as this may result in pain, a bent, stuck or broken needle.
4. Additional treatment methods may include: the electrical stimulation of needles, cupping, gua-sha or acupressure. Before any of these procedures are performed, my practitioner will discuss my treatment options and only proceed if my consent is given. I understand that if cupping or gua-sha treatments are used, that there will be marks left on the skin that look similar to bruises and may last up to 1 week.
5. I will give my practitioner full and accurate information about my health during the initial consultation and continue to inform my practitioner if I develop any new health issues, including but not limited to: developing new allergies, infectious diseases, surgical interventions or if I become pregnant.
6. I understand that I must let my practitioner know, and treatment may be withheld, if I am carrying, or believe to have any infectious agents, including but at not limited to HIV, tuberculosis and Hepatitis.
7. I understand that there are no guarantees for the results of my treatments. Traditional Chinese Medicine does not usually provide an instant cure. The length of my treatment depends on the severity of my condition. In some cases, my symptoms may temporarily worsen before they begin to improve.
8. By signing this form, I, (Print Name) \_\_\_\_\_, give my informed consent for Acupuncture treatment. I realize I may withdrawal my consent at any time.

## **Cancellation / No Show Policy / Emergency Appointments**

### **1. Cancellation/No Show Policy for Appointments**

We understand there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly “full” appointment book. Typically there are patients on a wait list for these services that could have been scheduled if given appropriate advanced notice.

**If an appointment is not cancelled at least 24 hours in advance, you will be charged a \$100 fee; this will not be covered by your insurance company.**

**After 3 no call no show/missed appointments in a row, the patient is released from active care.**

### **2. Scheduled Appointments**

We understand that delays can happen, however, we must try to keep the other patients and doctors on time. We expect patients to arrive at least 5 minutes prior to their scheduled appointment.

**If a patient is 10 minutes past their scheduled time, we will have to reschedule the appointment. This will be considered a last minute cancellation and will result in a missed appointment, you will be charged a \$100 fee; this will not be covered by your insurance company.**

### **3. After hours and Emergency Appointments**

If the need arises for you to be seen by a SCWC provider outside of their normal SCWC hours, you will be charged an after-hours/emergency fee. “Outside of normal SCWC hours care” refers to any care provided by a provider that is scheduled outside of their typical schedule hours. Our office is closed every Thursday, weekends, and all major holidays.

**If you need emergency or after hours care, there will be an additional \$150 fee along with any service charges from your treatment; this fee will not be covered by your insurance company.**

We may not sell your protected health information without your authorization. We may not use or disclose most psychotherapy notes contained in your protected health information. We will not use or disclose any of your protected health information that contains genetic information that will be used for underwriting purposes. You may revoke the authorization, at any time, in writing, except to the extent that your physician or the physician’s practice has taken an action in reliance on the use or disclosure indicated in the authorization.
