TREATMENT: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. HEALTHCARE OPERATIONS: We may use or disclose, as-needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment, employee review, training of medical students, licensing, fundraising, and conducting or arranging for other business activities. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment, and inform you about treatment alternatives or other health-related benefits and services that may be of interest to you.(this could be done by phone, email or mail). We use closed treatment rooms but you may still be in ear shot of other patients. Your initial and follow up evaluation notes will be sent to your Primary Care Physician.

If we use or disclose your protected health information for fundraising activities, we will provide you the choice to opt out of those activities. You may also choose to opt back in. We may disclose your health information to notify or assist in notifying a family member or another person responsible for your care about your medical condition or in the event of an emergency or of your death. We may use or disclose your protected health information in the following situations without your authorization. These situations include: as required by law, public health issues and safety as required by law, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroners, funeral directors, organ donation, research, criminal activity, military activity and national security, workers' compensation, inmates, and other required uses and disclosures. Cancellation / No Show Policy / Emergency Appointments

1. Cancellation/No Show Policy for Appointments

We understand there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly "full" appointment book. Typically there are patients on a wait list for these services that could have been scheduled if given appropriate advanced notice.

If an appointment is not cancelled at least 24 hours in advance, *you will be charged a $100 fee*; this will not be covered by your insurance company.

After 3 no call no show/missed appointments in a row, the patient is released from active care.

2. Scheduled Appointments

We understand that delays can happen, however, we must try to keep the other patients and doctors on time. We expect patients to arrive at least 5 minutes prior to their scheduled appointment.

If a patient is 10 minutes past their scheduled time, we will have to reschedule the appointment. This will be considered a last minute cancellation and will result in a missed appointment, *you will be charged a $100 fee*; this will not be covered by your insurance company.

3. After hours and Emergency Appointments

If the need arises for you to be seen by a SCWC provider outside of their normal SCWC hours, you will be charged an after-hours/emergency fee. "Outside of normal SCWC hours care" refers to any care provided by a provider that is scheduled outside of their typical schedule hours. Our office is closed every Thursday, weekends, and all major holidays.

If you need emergency or after hours care, *there will be an additional $150 fee along with any service charges from your treatment*; this fee will not be covered by your insurance company.
